1. Introduction

The **Administrator** role provides full oversight and configuration of the Research Tracking System. Administrators manage research programs and grant types, import and monitor projects, assign reviewers, review grading, manage users, and generate institutional reports.

Capability	Description
Project oversight	View the full lifecycle of every project, from import to grading.
Reviewer assignment	Assign and un-assign reviewers to projects.
Configuration	Manage grant types, programs, users, pillars, colleges, and scores.
Reporting	Generate program status, grant summary, project, pillar, and budget reports.

2. Logging In

1 Open the RTS application in your web browser.

2 Enter your **Email Address** and **Password**.

3 Click the **Login** button.

4 You will be redirected to the **Admin Dashboard**.

Tip: If your account has multiple roles (e.g., Admin + LPI + Reviewer), use the **role switcher** in the top bar to switch to the Administrator view.

3. The Admin Dashboard

The dashboard gives a real-time overview of the research portfolio.

The Administrator dashboard: project lifecycle status counts, active programs, cycles, and key aggregates.

The dashboard displays:

- **Project lifecycle counts** — number of projects in each status (Registered, Assigned, Claimed, Progress Added, Graded, etc.).
- **Active programs & cycles** — research calls currently open and their configuration cycles.
- **Key aggregates** — total programs, active programs, total projects, and completed (graded) projects.
- **Announcements** — the latest global announcements.

4. Managing Projects

4.1 Projects List

From the **Projects** menu, view all projects in the system.

Available Projects - RTS

IRCC-2024-001	Advanced Nanomaterials for Water Purification	IRCC	Regular	450,000 QAR Requested	Graded	Completed	Actions

© 2026 Qatar University. All rights reserved. Powered by RTS v2.0.0

The projects list shows every project with its title, status, program, and available actions.

- 1 Navigate to **Projects** in the sidebar.
- 2 Use the filters (program, cycle, status) to narrow the list.
- 3 Use the **Actions** menu on a project to assign a reviewer, view details, or open the report card.

4.2 Project Detail

The project detail page shows a complete picture of a project.

The full project detail page with Commitments, Outcomes, Reports, and Grading sections.

This page is organized into clear sections:

- **Commitments** — the committed research output targets (publications, IP, students).
- **Outcomes** — achieved outcomes: scholarly articles, students, and intellectual property.
- **Progress Reports** — uploaded progress report files.
- **Final Report** — the final report file.
- **Grading** — progress and final grading records per reviewer.

4.3 Assigning a Reviewer

Assign a reviewer to a project that is in the **Registered** status.

The reviewer assignment screen lets the admin choose a reviewer for the selected project.

- 1 Open a project that is **Registered** and has no reviewer.
- 2 Click **Assign Reviewer** in the Actions menu.
- 3 Select a reviewer from the dropdown and confirm the assignment.
- 4 The project moves to **Assigned** status and the reviewer receives the assignment.

Tip: Reviewers who previously rejected a project are excluded from the assignment dropdown to ensure a fresh review.

4.4 Report Card

The report card is a printable summary of a project's grading.

Research Tracking System - Project Report Card Page 1 of 1

The printable report card summarizes progress and final grading for a project.

- 1 Open a project in **Graded** status.
- 2 Click **Report Card** in the Actions menu.
- 3 Use the **Print** button to save or print the report card.

5. Reviewing Grading

Monitor which projects have been graded and review the grade details.

The screenshot displays the 'Graded Projects - RTS' interface. On the left is a dark red sidebar with the Qatar University logo and a menu with items: OVERVIEW, RESEARCH CALLS & PROJECTS, ADMINISTRATION, REPORTS, and CONFIGURATION. The main content area has a header 'Graded Projects' with a sub-header 'Review and manage graded project evaluations.' Below this is a table titled 'Graded Projects' with columns: PROJECT ID, TITLE, PI NAME, RESEARCH CALL, STATUS, TOTAL SCORE, and ACTIONS. The table contains three rows of data, all with a 'pending' status. Above the table are buttons for 'Copy', 'CSV', 'Excel', 'PDF', and 'Print', and a search bar. A filter dropdown is set to 'All Cycles'. At the bottom of the table, it says 'Showing 1 to 3 of 3 records' with pagination controls. The footer of the interface includes '© 2026 Qatar University. All rights reserved.' and 'Powered by RTS v2.0.0'. The user profile 'Dr. Admin' is visible in the bottom left corner.

PROJECT ID	TITLE	PI NAME	RESEARCH CALL	STATUS	TOTAL SCORE	ACTIONS
IRCC-2024-001	Advanced Nanomaterials for Water Purification	Dr. LPI User	IRCC 2024 - Regular Grant	pending		
IRCC-2024-002	AI-Driven Predictive Maintenance for Smart Grids	Dr. LPI User	IRCC 2024 - Regular Grant	pending		
SGS-2025-003	Solar-Powered Desalination for Coastal Communities	Unclaimed Proposal	Student Grant 2025	pending		

The graded projects list provides an overview of completed evaluations.

The screenshot displays the 'Project Grading' interface for 'Advanced Nanomaterials for Water Purification'. The left sidebar contains navigation links: OVERVIEW, RESEARCH CALLS & PROJECTS, ADMINISTRATION, REPORTS, and CONFIGURATION. The main content area has tabs for Proposal, Commitments, and Outcomes. The 'Proposal' tab is active, showing a 'Project Proposal' section with a placeholder for a file that does not exist. The right-hand panel, titled 'Progress Grading', shows a 'Progress Report' with the following details:

Metric	Score
Progress Toward Achieving Outcomes	4/5
Progress in Publications	5/5
Student Involvement & Capacity Building	4/5
Budget Utilization	4/5
Ethical Approvals	Yes

Below the metrics, the 'ANALYSIS' section states 'Project is on track.' and the 'RECOMMENDATION' section states 'Continue as planned.' A 'Report Card' button is located at the top right of the main content area.

Review the detailed progress and final grades entered by a reviewer.

Administrators can review each reviewer's progress report ratings (achievements, publications, students, budget) and final report grades (A-D) before the overall status is finalized.

Dr. Admin
Admin

The Reports section provides program status, grant, project, pillar, and budget reports.

1 Navigate to **Reports** in the sidebar.

2 Choose a report type: Program Status, Grant Summary, Project Status, Pillar Summary, Cycle Progress, or Budget Utilization.

3 View the report on screen or export to CSV.

7. Managing Users

The screenshot shows the 'Users' management page in the RTS system. The sidebar on the left contains navigation links: Overview, Research Calls & Projects, Administration, Users (selected), Team, Announcements, Budget Utilization, Reviewer Grading, Send Email, Email Templates, File Downloads, Reports, and Configuration. The main content area is titled 'Users' and includes a subtitle 'Manage system users, roles, and permissions.' Below this is a search bar and a dropdown for 'Role' set to 'All Roles'. A '+ New User' button is located to the right of the search bar. The table below lists three users:

ID	NAME	EMAIL	TYPE	DEPARTMENT	COLLEGE	ACTIVE	ACTIONS
2	D Dr. Admin	admin@qu.edu.qa	Admin	—	—	Active	Edit Delete
3	D Dr. LPI User	lpi@qu.edu.qa	LPI	—	College of Engineering	Active	Edit Delete
4	D Dr. Reviewer	reviewer@qu.edu.qa	Reviewer	—	—	Active	Edit Delete

At the bottom of the table, there is a pagination control showing 'Show 25 entries' and 'Showing 1 to 3 of 3 records'. The footer of the page includes the copyright notice '© 2026 Qatar University. All rights reserved.' and the version information 'Powered by RTS v2.0.0'.

The Users management page lets administrators create and manage user accounts and roles.

1 Navigate to **Users** in the sidebar.

2 Click **Add User** to create a new account.

3 Set the user's name, email, password, and **role** (Admin, LPI, Reviewer, or a combination).

4 Use the edit action to update a user's details or role, and the delete action to remove an account.

8. Managing Grant Types

The screenshot displays the 'Grant Types' management interface. The left sidebar is a dark red navigation menu with the Qatar University logo at the top. It includes sections for Overview, Research Calls & Projects, Administration, Reports, Configuration, Scores, Gauge Settings, Grant Types (highlighted), Research Pillars, Colleges/Institutes, and Cycles. The main content area is titled 'Grant Types' and includes a subtitle 'Manage research grant types and funding opportunities.' Below this is a search bar and a '+ New Grant Type' button. A table lists the grant types with columns for Code, Grant Type Name, Category, Funding Agency, Max Years, Status, and Actions. The table contains two rows: IRCC (Internal Research Collaboration Grant) and S65 (Student Grant Scheme). The bottom of the sidebar shows the user 'Dr. Admin'.

CODE	GRANT TYPE NAME	CATEGORY	FUNDING AGENCY	MAX YEARS	STATUS	ACTIONS
IRCC	Internal Research Collaboration Grant	Regular	—	—	Active	View Edit
S65	Student Grant Scheme	Student	—	—	Active	View Edit

© 2026 Qatar University. All rights reserved. Powered by RTS v2.0.0

The Grant Types page configures research grant categories (student and regular).

Grant types define the funding categories available to research programs, including the grant code, name, category (student/regular), and funding agency.

9. Managing Programs

The screenshot displays the 'Research Calls - RTS' interface. On the left is a dark sidebar with the Qatar University logo and a navigation menu. The main content area has a header with a search bar and notification icons. Below the header, there's a 'Research Calls' section with a subtitle 'Manage research calls, deadlines, and submissions.' This section includes a row of filters for Grant Type, Grant, Cycle, Status, and Visibility, along with a search bar and a '+ New Research Call' button. A table lists two research calls with columns for ID, Title, Grant, Deadlines, Status, Visibility, and Actions.

ID	RESEARCH CALL TITLE	GRANT	PROG. REPORT DEADLINE	FINAL REPORT DEADLINE	STATUS	VISIBILITY	ACTIONS
1	IRCC 2024 - Regular Grant	IRCC	18-09-2026	19-12-2026	Active	Visible	Actions
2	Student Grant 2025	SGS	03-09-2026	19-11-2026	Active	Visible	Actions

© 2026 Qatar University. All rights reserved. Powered by RTS v2.0.0

The Programs page manages research-call programs, their deadlines, and visibility.

Programs (research calls) are linked to a grant type and cycle, and define the progress and final report deadlines for the projects within them.

10. File Explorer

The screenshot shows the 'File Downloads' section of the RTS system. On the left is a dark sidebar with the Qatar University logo and a navigation menu. The main area has a header 'File Downloads' with a subtitle 'Browse and download project files — by research call or by project.' Below this, there's a 'Research Calls' section with two cards: '2025 Student Grant 2025' (1 project) and '2024 IRCC 2024 - Regular Grant' (2 projects), each with a 'ZIP' button. To the right is a table of projects.

PROJECT ID	TITLE	GRANT	FILES	ACTION
IRCC-2024-002	AI-Driven Predictive Maintenance for Smart Grids	IRCC	0 files	ZIP
SGS-2025-003	Solar-Powered Desalination for Coastal Communities	SGS	0 files	ZIP
IRCC-2024-001	Advanced Nanomaterials for Water Purification	IRCC	0 files	ZIP

At the bottom of the table, there's a pagination control showing 'Showing 1 to 3 of 3 records' and a 'Show 10 entries' dropdown. The footer of the interface includes copyright information '© 2026 Qatar University. All rights reserved.' and 'Powered by RTS v2.0.0'.

The File Explorer lets administrators browse all uploaded report files and download archives.

- 1 Navigate to **File Explorer** in the sidebar.
- 2 Browse projects and their uploaded report files.
- 3 Click **ZIP** to download a project's files as an archive, or download a whole program's files.

11. Announcements & Email Templates

Announcements - RTS

© 2026 Qatar University. All rights reserved. Powered by RTS v2.0.0

Email templates provide reusable message templates for system emails.

Announcements can be targeted to **all** users, LPIs, or Reviewers. Email templates standardize the wording used in automated emails.

12. Reviewer Grading Performance

The screenshot displays the 'Reviewer Grading' interface. On the left is a dark sidebar with the Qatar University logo and a menu with categories: OVERVIEW, RESEARCH CALLS & PROJECTS, ADMINISTRATION, REPORTS, and CONFIGURATION. The 'ADMINISTRATION' section is expanded, showing options like Users, Team, Announcements, Budget Utilization, Reviewer Grading (highlighted), Send Email, Email Templates, and File Downloads. The main content area has a header 'Reviewer Grading - RTS' and a search bar. Below this is a section titled 'Reviewer Grading' with a subtitle 'Select a reviewer to rate their performance per program.' It features filters for 'College' (All Colleges) and 'Pillar' (All Pillars), showing '1 reviewers'. A table lists the reviewer: Dr. Reviewer (reviewer@qu.edu.qa), Type: Reviewer, with a rating of 2. An 'Action' column contains a 'Rate' button. The table shows 'Showing 1 to 1 of 1 records'. The footer includes '© 2026 Qatar University. All rights reserved.' and 'Powered by RTS v2.0.0'.

The reviewer grading page lets administrators rate reviewer performance per research call.

Administrators evaluate reviewers on criteria such as conflict management, responsiveness, comprehensiveness, number of reviewers, and behaviour. These ratings are visible to reviewers on their own dashboard.

13. Support

For assistance, contact the **Qatar University Research Support** team with your user details and a description of the issue.
