1. Introduction

The **Lead Principal Investigator (LPI)** owns and manages research projects within RTS. LPIs register projects, submit progress and final reports, and record the outcomes achieved (publications, students, researchers, and intellectual property).

Capability	Description
Project registration	Register and claim projects assigned to you.
Outcome logging	Add scholarly articles, intellectual property, students, and researchers.
Report submission	Upload progress and final report files.
Tracking	Monitor your project's status and grading via the report card.

2. Logging In

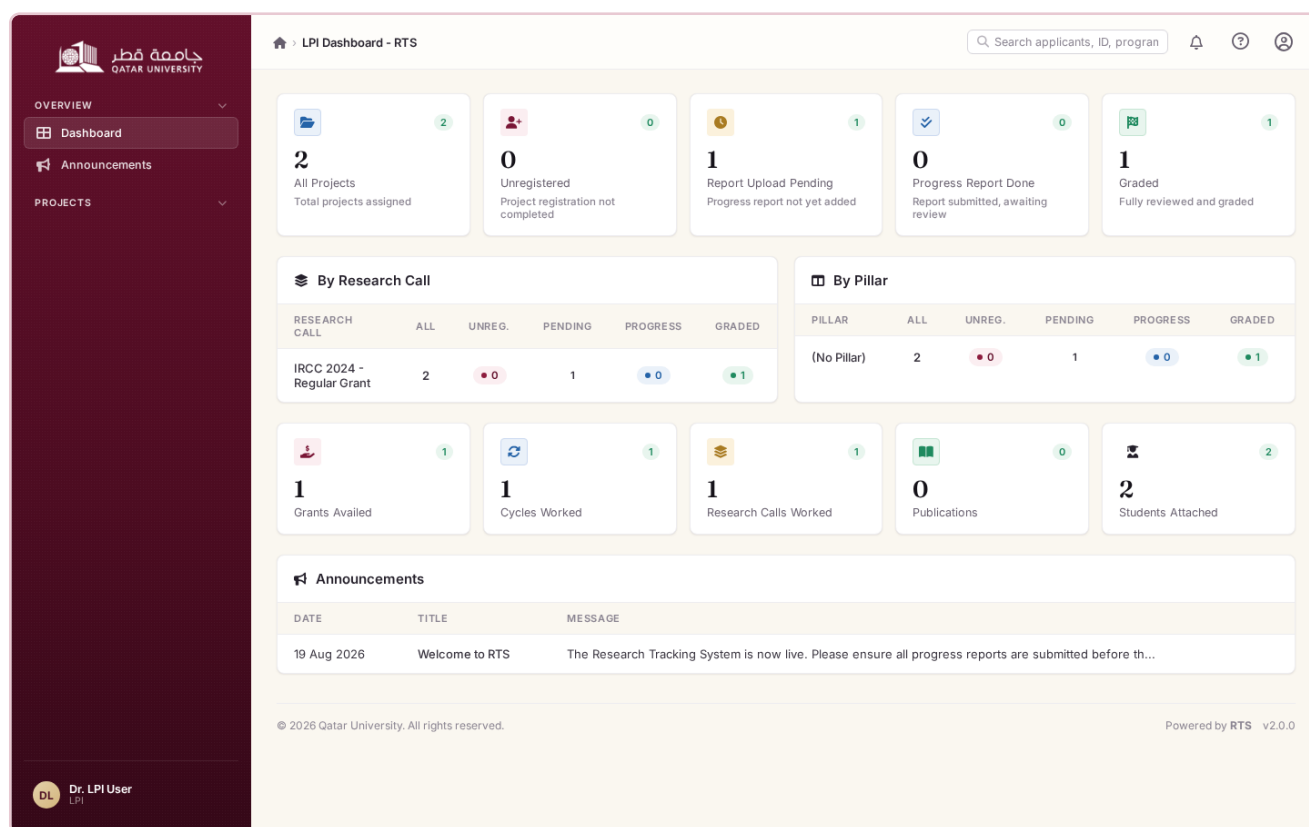

- 1 Open the RTS application in your web browser.

- 2 Enter your **Email Address** and **Password**.

- 3 Click the **Login** button.

- 4 You will be redirected to the **LPI Dashboard**.

3. The LPI Dashboard

The LPI dashboard shows your projects, statistics, available projects, and program breakdowns.

The dashboard provides:

- **Project statistics** — unregistered, report-upload-pending, progress-done, and graded counts.
- **My Projects** — the list of projects where you are the LPI.
- **Available Projects** — projects available for registration.
- **Aggregated stats** — grants awaited, cycles worked, publications, and students.
- **Outcomes by program** and **per-program / per-pillar** breakdowns.

The project detail page shows commitments, outcomes, and reports for your project.

Review the **Commitments**, **Outcomes** (articles, students, IP), **Progress Reports**, **Final Report**, and **Grading** sections to keep track of your project's progress.

6. Updating Progress

The **Update Progress** page is organized into tabs for entering outcomes, staff, and report files.

- 1 From your project's actions, click **Update Progress**.
- 2 Work through the tabs to add outcomes, students & researchers, and upload reports.
- 3 Click **Save** to submit your changes.

6.1 Outcomes (Scholarly Articles & IP)

The screenshot displays the 'Update Progress' interface for the project 'Advanced Nanomaterials for Water Purification'. The 'Outcomes' tab is active, showing two main sections: 'Scholarly Articles' and 'Intellectual Property'. Under 'Scholarly Articles', there are two entries: 'Journal articles (Web of Science — Q1)' with DOI '10.1016/j.mat.2024.1001' and 'Journal articles (Web of Science — Q2)' with DOI '10.1021/acsami.2024.2002', both marked as 'Verified'. The 'Intellectual Property' section shows 'Intellectual Property Disclosure' with ID 'IPD-2024-015'. The page includes a sidebar with 'OVERVIEW' and 'PROJECTS' tabs, a top navigation bar with a search bar and user profile, and a footer with copyright information and version details.

The Outcomes tab is used to add scholarly articles and intellectual property, with auto-verification of DOIs.

- 1 In the **Outcomes** tab, click **Add Article**.

- 2 Enter the publication **DOI** and type (Q1–Q4 journal, conference, book, etc.).
- 3 The system automatically fetches publication details from the CrossRef API and marks the outcome **Verified**.
- 4 Add intellectual property records (IP disclosure, provisional patent, open-source software, start-up) as needed.

6.2 Students & Researchers

The screenshot shows the 'Update Progress' interface for the project 'Advanced Nanomaterials for Water Purification'. The left sidebar contains 'OVERVIEW' and 'PROJECTS'. The main content area has a search bar and a 'Back to Project' button. A message states: 'Progress Report Submitted — Your progress report has been submitted. You may still re-upload an updated version until the progress report deadline arrives.' Below this are tabs for 'Outcomes', 'Students & Researchers' (active), 'Progress Report', and 'Final Report'.

Students Section:

- LEVEL:** Undergraduate (dropdown)
- STUDENT ID:** Enter student ID... (text input)
- DAYS:** 0 (text input)
- + Add Student** (button)

Below the input fields, there are two rows of student data:

- Row 1: PhD, 202300456, 90d, [icon]
- Row 2: UG, 202400123, 45d, [icon]

Hired Researchers Section:

- NAME:** Researcher name... (text input)
- CATEGORY:** RA (dropdown)
- + Add Researcher** (button)

Below the input fields, there is one row of researcher data:

- Row 1: Co-PI, Dr. Co-Researcher, [icon]

The Students & Researchers tab lets you add students and hired researchers, with automatic student verification from the SIS.

- 1 Switch to the **Students & Researchers** tab.
- 2 Click **Add Student** and enter the student's level (UG/Masters/PhD) and Student ID.
- 3 The system verifies the student's details automatically from the Student Information System (SIS).

- 4 Add **Hired Researchers** with their name and category.

6.3 Progress Report Upload

The screenshot displays the 'Update Progress' page for the project 'Advanced Nanomaterials for Water Purification'. The sidebar on the left contains 'OVERVIEW' and 'PROJECTS'. The main content area features a 'Progress Report' tab, which is active. A blue banner at the top of the main content area states: 'Progress Report Submitted — Your progress report has been submitted. You may still re-upload an updated version until the progress report deadline arrives.' Below this, there are four tabs: 'Outcomes', 'Students & Researchers', 'Progress Report', and 'Final Report'. The 'Progress Report' tab shows a 'Progress Report' section with a deadline of 'Sep 18, 2026'. It lists an uploaded file 'IRCC-2024-001_progress.pdf' with a version 'v1' and a timestamp 'Aug 19, 2026 05:40'. Below the file list is a 'Re-Upload' button and a 'Download Template (DOCX)' link. The footer of the page includes '© 2026 Qatar University. All rights reserved.' and 'Powered by RTS v2.0.0'.

The Progress Report tab is used to upload your progress report file (PDF).

- 1 Switch to the **Progress Report** tab.
- 2 Click to upload your progress report **PDF** file (max 10 MB).
- 3 Add any notes and **Save**.

Note: Uploads are locked once the progress report deadline passes. Contact the administrator if you need to resubmit after the deadline.
